Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 12/15/05 has been entered.

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file. Applicant may rely upon the foreign priority papers to antedate the WO94/13334 reference, because a translation of said papers has been made of record in accordance with 37 CFR 1.55.

Allowable Subject Matter

Claims 23, 27, 34, 44 and 83-92 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach a method of treating a metallic bone implant having no calcium-phosphate-containing coating, consisting essentially of treating the metallic bone implant with an aqueous solution other than hydrofluoric acid, containing fluoride ions in a concentration of greater than 0% and up to 3%, said aqueous solution being free from sodium and sodium ions as recited in claim 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
